## 4 Review Actions from Previous Meeting

ACTION	BY WHOM	OUTCOME
Library Bridge demonstration days	Robyn Sheridan	Dates set for Wed 7/11 and Friday 9/11 from 2 to 4 pm
Set calendar for next 12 months	Keith Fiedler	Keith is in contact with the other clubs and will have this ready by the end of November.
Decision on Muriel Waddell day	Committee	Sufficient teams were nominated and the day was held successfully.
GNOT representatives	Rosemary	Completed. Representatives were Greig Ball & Keith Fiedler and Suzie McNamara & Louise Payne. They achieved 2 wins, 3 drawers and 4 losses.

## 5 Correspondence

Receipt received from Cancer Carewest.

## 6 Treasurer's Report:

**6.1 Treasurer's Report** tabled by Dawn Phipps. Accepted.

## 7 General Business:

**7.1 Xmas Party** – to be held on Thursday 20 December after our afternoon bridge session. Dawn is obtaining a quote for dinner.

7.2 Mentors for New Members – waiting until they settle into a routine play day. Ask new members for preferences. Rosemary to contact the players and then contact mentors.

7.3 Proposed Bridge session during Elvis festival – a suggestion had been made regarding the Bridge Club running a session during the festival. Agreed to contact the Astro Dish restaurant and see if they were agreeable, if they have the appropriate size tables available and if they would provide an afternoon tea. The Elvis final programme is due out in November. Rosemary to follow up with Astro Dish. If costs or tables are not suitable then this plan is not to proceed. The Club should not be out of pocket.

7.4 Trophy Engraving – the Muriel Waddell glass trophy needs laser engraving which is not available locally. Greig to follow up on availability of trophy being laser engraved in Orange.

7.5 Sheets on table to direct players – Nancye asked if it was possible to have a sheet on each play table for Howell movement days to direct players to next location. The hand holds go past this information if the OK is pressed too many times and there is no way to go back. Keith advised that this was possible.

**Meeting Closed:** 1210
